

Instructions to Install all Libraries and Software Required

Tip: If during any installation you see a add to path option enable it please.

Thank you

Warning : Atleast 5gb of Internet Required

1. Download Visual Studio

Code .Download it in zip format and extract in C partition(it must have 40-50gb of empty storage)

<https://share.google/mNxxgNNmPQZUHj0yOK>

2. Set up you VS code.

3. Get the Python and Flutter Dart

Extension installed from VS code

extension library.

4. Install Flutter manually from <https://share.google/anAcW1XFPDcQHw3cj>
5. Setup Flutter in C partition.
6. Add it to Path. Instructions would be in 4th point Link.
7. Download Android Studio <https://share.google/LD74pGKFIXIDn6ATX>
8. Setup Android Studio
9. Navigate to your folder where you setup the flutter and open it in cmd and run command ' flutter doctor '
10. Then Run command ' flutter doctor --android-licenses '
11. Accept all the licenses by pressing y on your keyboard.

12. Run flutter doctor again. If you see all the boxes green you are good to go.
(There would be a red box for C++ error, Leave it we don't need that)
Still if you have any problem feel free to Contact.
